Solution for Moving & Storage

## THE CHALLENGE

Hilton strives to create great experiences for their guests. As with most hotels, there is emphasis on refreshing rooms with everything from lighting and fixtures to bedding and carpets. In this case, Hilton needed to refresh the linens in a series of their national hotels.

## THE PODS SOLUTION

PODS containers were loaded with the linens needed for each hotel and delivered for offloading. The old linens were removed from the hotel and loaded into the emptied containers, which were then delivered to recycling and disposal facilities.

## THE RESULTS

The solution crafted by PODS for Business made the delivery and removal of the linens both convenient and cost-effective for Hilton. More importantly, the experience for Hilton's guests was seamless, with no reports of problems or complaints.
