

Call **1-888-339-7637** or email relocation@pods.com for details, quotes and reservations.

When reserving a container, please have the following information ready so we can quickly process your request:

1. Program ID: _____
2. Company Name: _____
3. Customer ID: _____
To be assigned at first order

SECURITY & PROTECTION

PODZILLA® Patented Lift System

PODS containers are moved using PODZILLA, our patented lift system designed to keep containers – and their contents – level while being loaded onto and off the truck, and to easily position containers in hard-to-reach or tough-to-fit locations. Our drivers only need 12' in width and 15' in height to place your container where you need it.

7' Container
Cubic Feet: 385

16' Container
Cubic Feet: 835

State-Of-The-Art Design Multiple Container Sizes Available

PODS® offers two different container sizes to meet your relocation moving and storage needs: 7' and 16' containers (7' x 7' x 8', 16' x 8' x 8').*

Ground-Level Loading

PODS containers rest at ground level, so you can load and unload with ease.
